

Cube Calendar by Ralph Jones, 10Jan2013
Based on the HK Cube diagram presented in "Origami for the Connoisseur".

Modified by Origami Resource Center.

The two six-month sides are arranged so that they will print back-to-back on 8.5 x 11 paper.
The origami diagram on this side represents the side aspect of the cube that displays the six months printed on the reverse side. To switch displays, it is necessary to replace all valley creases with mountain creases -- and vice-versa. One collapse is "left-handed", and the other collapse is "right-handed" -- mirror images. The CP (crease pattern) for this side is included.
